

God Continues to Make a Way at West Palm Beach Expo

What a GREAT Expo God gave us in West Palm Beach on February 27th! The weather was beautiful, smiles were everywhere [underneath the masks 😊] and most of all God's presence was there bringing joy to folks hearts as only He can. He was also there meeting every one of our needs to host an Expo that blessed many in Jesus' name.

We had Jodi and Bayliegh Wunsch bring the "Big Boy" pontoon down from Umatilla, FL [4 hours away], Bill Redmon come from Lakeland, FL [3 hours away] with the 20 person canoe and inflatable axe toss game, The King's Academy collect items and stuff goody bags, Palm Beach Atlantic Workshop program bring out over 50 volunteers from set-up, Expo to tear-down and so many more folks who stepped up in various ways to make things happen. We even had Dave and Pam McCarty bring our equipment trailer from Umatilla, FL to West Palm Beach and back [4 hours each way] and Dave and Sharyn Browning doing the same for our boat!

This year it was especially important for everyone to come together as the body of Christ with Leanne and I both limited in our capacity to lead. In fact, Leanne was in the hotel on Expo day under the weather [not COVID] and I was stuck at a pavilion in my wheelchair which was not working trying to direct with a two way radio. However, God was the GREAT provider as always with Jerry and Joan Borton driving-up to Umatilla, FL from Lakeland, FL [2 hours away] to bring my back-up wheelchair to West Palm Beach [4 hours away], Doralia Calderon our WPB intern translating Spanish at registration and of course our go to gal, Julia Codispoti stepping up to make sure the things came together with God guiding us all each step of the way. 😊

The ultimate praise and fruit of everyone's labor came at the Gospel Bracelet station,

Fishing area and Prayer and Care booth [run by the Community Prayer Room] where one person at each place prayed to receive Jesus as Savior! That is three people we know who will be in heaven someday because of folks answering God's call, going the extra mile and reaching out to individuals and families living with disabilities with the LOVE and GOSPEL of Jesus.
