

God Levels Mountains in Texas for 57th Ministry Expo

Hey there boys and girls of all ages and abilities! We are so excited to share that God gave us another God blessed Access-Life Expo on September 9th in North Texas. This was our 11th outreach there on Lake Grapevine and our 57th Expo overall. As a result, we have so many great memories of the amazing things that God has done over our 13 years in disability ministry as the founders and directors of Access-Life. He has moved so many mountains and made so many ways when there was no way that we know He is faithful and trustworthy to the core.

This year's Expo in North Texas was especially challenging in a variety of ways, but as always God did many miracles to see that all 636 attendees were blessed by His presence, light, and love on event day.

I have to say that after doing so many outreaches for individuals and families living disabilities, we have seen plenty of mountains moved, miracles happen and ways made through the jungles of life. While God is always working through the hearts and minds of his people to adjust, think outside of the box, and figure things out, there were several times during the days leading up to this year's Expo on Lake Grapevine where I was at a loss on my options. So we did what we always do: pray and get others on our team to pray. Of course, true to His promises the Lord made ways where there were no ways and threw mountains into the seas.

The first miraculous event occurred when we received a call from our transportation person that our trailer had blown a tire, bent an axle and broken some springs just an hour away from the site in Texas. It had to be to the park and in place by 4:00 p.m. the next day and he was stranded on the side of the road with a mess. However, God brought a man who was willing, abled, and skilled at fixing trailers to come out and straighten the axle, weld the springs, and even put on four new commercial grade tires. As a result, the trailer pulled up to the designated spot at 3:30 p.m. the next day just before our team members arrived to retrieve items for the goody bag stuffing that night. Wow! Never underestimate God's hand at work in the seemingly everyday occurrences of business.

Meanwhile as all of this was happening in Texas, our Royal Ambassador, David Browne, myself as well as my caregiver Rachel Nicholson and her two-year-old son were at the airport to fly to Love Field in Dallas. Unfortunately, due to storms there was a two hour delay in our departure. Again, as only God can do, we walked into the church for the goody bag stuffing at 7:00 p.m. just as things were going to begin. God is always on time. :-)
