It is so amazing see how God works in the hearts and minds of His people to do such great things. When the body of Christ comes together more of heaven comes to earth. We see it at every Expo and again this year in East Tennessee, our participants poured out special blessings on those who were serving in ways that only God can do. Everyone was there blessing one another as God's light and love flowed like a heavenly river. :-)

Leanne and I are thankful that God has entrusted to us His ministry that we call Access-Life and are also grateful for the many godly people that God has brought to help us bless individuals and families living with disabilities in Jesus' name, bring more of heaven to earth and see His Kingdom expanded through our work for Him. We also pray that sharing all of the good things that God is doing will encourage everyone reading and the smiles will brighten your day.

If you've never been involved in any of our activities and would like to be a part of all that God is doing through Access-Life, please feel free to contact us so we can connect to get you plugged into programming we have going on in your local area. If you have already volunteered or participated at any of our activities, we want to say thank you so much and may God bless you richly as you walk in His light and love.
