North Texas Expo is a Record Setter

Well, our 14th annual Expo in North Texas was our final outreach for the 2026 season. It was quite an eventful roller coaster ride but as always a God blessed success with individuals and families living with disabilities hearing the gospel and being blessed in Jesus' name!

In fact, we even set a record. It was a 102° on event day which made it the hottest Expo ever. :-) God was still there faithfully working doing great things that only he can do. Kayaks were paddled, boat rides giving an even fish caught. We also enjoyed some of the best hamburgers and smoked turkey sandwiches that Texas has to offer! Bibles were given out, the gospel was shared through our gospel bracelet station and people gave us prayer requests and praises. The tie-dye t-shirt decorating was especially popular along with the popcorn, cotton candy and snow cone station. There were arts, crafts and games all around plus exhibitors and more so we were busy bees all day long. :-)

It was so great to see so many new and long-term volunteers and participants come out in the heat to the apart of what God was doing that day. Our prayer time before the event was so sweet and the smiles of joy from the Lord were even better. I hope you enjoy just a glimpse of all of the great things that life in Christ can do through the collage below.
