As I've always said, God touches lives at our events as only he can because only he knows the needs. I know that he met many other needs that day and many seeds were planted that will come to fruition in the future as he continues to work in people's lives. The great thing is that as the ministry has grown the Expo is not the only opportunity for this to happen in Tennessee. We have an Easter Spring Fling that shares about the true story of Easter, a Fall Fun day in September as well as a Christmas Jingle and Mingle that shares the Nativity story. Now these are obviously much smaller activities that are facilitated by local volunteers but God is there just same doing miracles, making ways and changing lives.

This is one of the greatest things that I love about Access-Life is that I see God working through the hearts and minds of his people to expand His kingdom and build a community of friends in Christ. That is why at each Expo, I see so many familiar faces from faithful volunteers and longtime participants as well as new co-laborers and first time attendees and this year on July 18th was no exception.

Now that puts a smile on my face. Praise be to God for his immeasurable gift of Jesus!
